

An Introduction to Stars of the City

The Stars of the City program aims to recognize, motivate, and educate our region's front line staff – the face of tourism. We do this by inviting visitors and residence alike to nominate people who have gone above the call of duty by providing customer service excellence at restaurants, hotels, attractions, parks, shops, or taxis.

“The Stars of the City Program will facilitate the reputation of the City of Ottawa and Canada's Capital Region becoming known as a place that prides itself on its superior customer service across all sectors; that excellence in customer service is not just for tourists, but for locals too; that as a community we care for; nurture and reward our front-line staff who make visiting, working and living here a pleasant and rewarding experience.”

The Nomination Process

Every time a person is nominated, they will receive a Stars of the City certificate, a copy of their nomination, and a letter to their supervisor. The Stars of the City Lapel pin is delivered with the first nomination a person receives in a “stars year”, September 1st to August 31st. The Stars lapel pin can proudly be worn by front-liners when at work, so visitors will recognize them as one of our regions star performers. Additionally, each year, one truly exceptional nominee is names our region's Star of the City.
